DETAILED ACTION

Election/Restrictions

Applicant's election without traverse of Group II, claims 7-21 in the reply filed on 9/11/2006 is acknowledged. Applicant has canceled claims 1-13 (Group I: claims 1-6 & Group II: claims 7-13) thereby leaving currently pending claims 14-21.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Stephen G. Adrian on 12/06/2006.

The following changes to the drawings have been approved by the examiner and agreed upon by applicant:

Label Figures 1-15 as --Prior Art--

In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

Allowable Subject Matter

Claims 14-21 are allowed.

The following is an examiner's statement of reasons for allowance: The primary reason for the allowance is the inclusion of the limitation of forming three insulating layers with different etching rates over an alignment mark, forming a hole through the top two layers, forming spacers on the sidewalls of the hole, etching the bottom layer between the spacers, forming a conductive plug in the hole, and then selectively removing only the top insulating layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
